Calling Middle-Aged Korean American Women!

Join our online research WPAPP

You may be eligible if you:

- Are 40–65 years old
- Have Korean ancestry (parent(s) or grandparent(s))
- Do not have a physical disability that prevents you from being physically active
- Have access to and can use email and the internet
- Have experienced depressive symptoms within the past two weeks

WPAPP is an online research to support midlife Korean American women who have been experiencing depressive symptoms by using Web-App based Lifestyle Physical Activity Promotion Program.
